

Shape the Future of the Floral Industry

“At Metrolina Greenhouses,

we believe it is important that we do our part to enhance the floriculture industry, which is why we support the American Floral Endowment.

Thanks to AFE, we have hosted skilled interns who have gained practical knowledge through AFE’s Internship program and have gone on to contribute not only to Metrolina, but also to our entire industry.”

Phil Heilman, Metrolina Greenhouses, Huntersville, NC

Support the future of the industry you love with a tax-deductible contribution today.
