

I am thankful to National Floriculture Forum for the award of a Travel Scholarship for the 2017 National Floriculture Forum. It was a great opportunity for me to visit the Philadelphia Flower Show and to attend the floriculture forum through an NFF scholarship via American Floral Endowment.

It was a great pleasure for me to see the practical implementation of horticultural science and art in our real life through visiting a cut flower greenhouse and Longwood Gardens, where everything was highly organized and provided a good opportunity to horticulture graduate and current students to learn about practical knowledge of horticulture in a highly-professional environment.

It was an ever-memorable tour for me and I do thank and appreciate the American Floral Endowment for the travel scholarship grant for me. I hope AFE continues its efforts for horticulture graduates to explore practical fields of horticulture while experiencing valuable educational activities.

Regards,

Wajid Khan, Cornell University
